

Sacral Chakra Affirmation/Revocation

I, in this ever present moment of now, choose to create a container of sacred space within my heart center that surrounds the entirety of my being with unconditional love, clarity, peace, wholeness, joy, and thriving abundant vitality fully and completely as I Am now.

I call to my highest healing angels, guides and ancestral allies to be a spiritual court of equity as I read this affirmation/revocation. May these words reverberate throughout all space and time to all parts and versions of myself in equal co-creation, non-competition and non-hierarchy. May they be recorded in my Akashic record as a potent powerful moment of this I Am's free will journey as a sovereign being of light. And so it is.

May my Sacral Chakra be filled with the highest healing light of unconditional love and anchored to the core of Earth Mother wherein I am nurtured, nourished, held in safety and grounded in bliss. My sacral chakra is my womb and is a sacred space of Divine potential, dreams and co-creations of peace, joy and unconditional love.

I sit in the throne of my sacred body and honor the rhythm Divinely bestowed upon this physical form that feels the best and most joyous to me day to day. May I honor and respect my own timing, the cycles of my body and energy levels as I choose this body fully and I embrace all that brings me pleasure as medicine for my soul's journey and growth.

I break all contracts, vows and agreements with anything or anyone on all timelines, dimensions, galaxies, realities and universes that attempts to limit my expression through domination, control, manipulation, projections, co-dependency, expectations and objectifications.

I cast off all shame, blame and guilt regarding my cycle, rhythms, self-expression, sexuality, pleasure, bliss and creativity fully and completely now.

I choose to take responsibility for my own self-love, nurturance, nourishment, pleasure and creativity and commit to strengthening myself by making choices and decisions that honor me, without judgment, as the divine gift and vessel that I am.

May my womb be free to create my heart's desire in the physical world. May my womb be free to embody my sexuality, sensuality, and creativity in the fullness of my unique divine expression as an unlimited being with an unlimited point of view and unlimited creative potential.

May my womb attract to me all that I need to thrive physically, mentally, emotionally and spiritually as a sovereign being working in union and communion with Earth Mother.

May my relationships be blessed with balance, healthy interdependence, joy and bliss.

May I allow myself to receive the highest healing, peace and unconditional love fully and completely now and may I be a Divine vessel and conduit for that healing, peace and love for All.

May I embody all I wish to create in this world and anchor it fully into Earth's Core for the highest healing blessings for all.

I call to me the life of my dreams – a life of bliss, balance, vitality, pleasure, creativity, fully embodied sensuality and grace. This is my divine birthright and legacy. And so it is.
